KU Office of Research Pre-Award Services provides this select compilation of funding opportunities as a resource for University of Kansas Researchers. We encourage you to utilize the campus subscription to PIVOT to find funding opportunities specifically tailored to your research area based on keywords you provide. PIVOT is easy to use and offers other valuable services that are helpful to researchers. Access is available at this site: https://pivot.cos.com

If you have questions regarding PIVOT, please contact Megan Todd (megantodd@ku.edu, 4-7782).

Upcoming Funding Events/News

National Science Foundation (NSF)
Faculty Early Career Development Program (CAREER)
Eligible PIs who are planning to propose to this popular program are asked to submit a notice of intent to Pre-Award Services (kucrpremgmt@ku.edu) by June 21. This will help to ensure adequate staffing in our office for these very busy deadlines. We appreciate the advance notice and look forward to working with you.
The CAREER Program “is a Foundation-wide activity that offers the National Science Foundation’s most prestigious awards in support of junior faculty who exemplify the role of teacher-scholars through outstanding research, excellent education and the integration of education and research within the context of the mission of their organizations.”
Principal Investigators must meet all of the following eligibility requirements:
- Hold a doctoral degree by the deadline date in a field supported by NSF;
- Be engaged in research in an area of science, engineering, or education supported by NSF;
- Be untenured until October 1 following the deadline;
- Be employed in a tenure-track (or tenure-track-equivalent) position as an assistant professor or equivalent title By October 1st following the deadline AND
- Have not previously received a CAREER award (prior or concurrent Federal support for other types of awards or for non-duplicative research does not preclude eligibility)

For additional information about the CAREER program:
https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503214
The full funding opportunity announcement is available at:

CAREER Program Webinar Presentation Slides
CREATE Bio Program Online Q&A Session
June 9, 2017, 12:30-2:30 pm
The NINDS CREATE Bio (Cooperative Research to Enable and Advance Translational Enterprises for Biotechnology Products and Biologics) program is dedicated to the discovery and development of therapeutic Biotechnology Products and Biologics (e.g., peptides, proteins, oligonucleotides, gene therapies, and cell therapies) for disorders that fall under the NINDS mission. The program provides support to investigators seeking to advance projects from lead optimization to the clinic.
All potential CREATE Bio applicants are encouraged to participate. The next receipt dates for the CREATE Bio program is July 18, 2017. Investigators can find information about these funding opportunities at: https://www.ninds.nih.gov/Current-Research/Research-Funded-NINDS/Translational-Research/CREATE-BIO
If you would like to log in or dial in for this meeting, please RSVP to natasha.davis@nih.gov. You can also submit questions before the meeting to natasha.davis@nih.gov. While you can listen to the call on the phone, all questions will need to be submitted online.
