Ancillary Review:
Faculty Supervisor Instructions

All students at the University of Kansas require a faculty supervisor to approve their human subjects study before HSCL will process the application. Please follow these instructions to show your approval to your student’s research study. Please contact HSCL with any questions or concerns.

**NOTE: As the faculty supervisor, you will automatically be assigned as the Primary Contact for your student’s study. This will allow any and all notifications from the IRB that are sent to the student to also be sent to you.

**STEP 1:** You will receive an email that looks like the one below. To access the study and complete the ancillary review, you can click on the link in the email. **Please note: Even if you did not receive an e-mail notification, you can still find the study in your Inbox in eCompliance by going to** https://ecompliance.ku.edu
