This select compilation of funding opportunities is provided by KUCR Pre-Award Services as a resource for University of Kansas Researchers. We encourage you to utilize the campus subscription to PIVOT to find funding opportunities specifically tailored to your research area based on keywords you provide. PIVOT is easy to use and offers other valuable services that are helpful to researchers. Access is available at this site: https://pivot.cos.com

If you have questions regarding PIVOT, please contact Jenni Wiles at jwiles@ku.edu or 864-7423.

Upcoming Funding Events/News

NSF Division of Chemical, Bioengineering, Environmental, and Transport Systems

Changes Unsolicited Proposal Submission Window to October 1 through November 5, 2014

The Directorate for Engineering (ENG), Division of Chemical, Bioengineering, Environmental, and Transport Systems (CBET) has changed the unsolicited proposal submission window for all 17 programs to one single submission window, October 1 through November 5, 2014. The window changes are effective immediately and will continue annually, with future deadline dates (TBD) in either October or November.

The new window dates do not apply to proposals sent to the Division in response to Foundation-wide solicitations with their own target or deadline dates, such as Faculty Early Career Development (CAREER) and Major Research Instrumentation.

Those planning to submit proposals for consideration by the Division are encouraged to consult the CBET Division website for information on procedures for submitting proposals, new funding opportunities, and other information about the Division.
