This select compilation of funding opportunities is provided by KUCR Pre-Award Services as a resource for University of Kansas Researchers. We encourage you to utilize the campus subscription to PIVOT to find funding opportunities specifically tailored to your research area based on keywords you provide.

PIVOT is easy to use and offers other valuable services that are helpful to researchers. Access is available at this site: https://pivot.cos.com

If you have questions regarding PIVOT, please contact Jeremy Fite at jfite@ku.edu or 864-7705.

Notice of Intent to Publish a Funding Opportunity Announcement for Predoctoral Training in Biomedical Big Data Science (T32) NOT-HG-14-011

The NIH is announcing its intent to publish a Funding Opportunity Announcement (FOA) for graduate training programs in Big Data science, to train the next generation of scientists who will develop computational and quantitative approaches and tools needed by the biomedical research community to work with biomedical Big Data. The aim of this initiative is to train a cadre of scientists who have the knowledge and skill sets in scientific disciplines relevant to Big Data Science in the biomedical sciences.

The FOA is expected to be published in the spring of 2014 with an expected application due date in the summer of 2014.
