KUCR Pre-Award Services provides this select compilation of funding opportunities as a resource for University of Kansas Researchers. We encourage you to utilize the campus subscription to PIVOT to find funding opportunities specifically tailored to your research area based on keywords you provide. PIVOT is easy to use and offers other valuable services that are helpful to researchers. Access is available at this site: https://pivot.cos.com

If you have questions regarding PIVOT, please contact Jenni Wiles at jwiles@ku.edu or 864-7423.

National Science Foundation announces plan for comprehensive public access to research results
NSF will require that either the version of record or the final accepted manuscript in peer-reviewed scholarly journals and papers in juried conference proceedings or transactions must:
  - Be deposited in a public access compliant repository designated by NSF;
  - Be available for download, reading and analysis free of charge no later than 12 months after initial publication;
  - Possess a minimum set of machine-readable metadata elements in a metadata record to be made available free of charge upon initial publication;
  - Be managed to ensure long-term preservation; and
  - Be reported in annual and final reports during the period of the award with a persistent identifier that provides links to the full text of the publication as well as other metadata elements.

This NSF requirement will apply to new awards resulting from proposals submitted, or due, on or after the effective date of the Proposal & Award Policies & Procedures Guide (PAPPG) that will be issued in January 2016.
